

# ONE DEAD, SEVEN WOUNDED AT HERRIN

## UNION MINERS CLASH WITH NON UNION MEN IN ALL DAY BATTLE

### RUMORED THAT MANY MORE ARE KILLED

Thousands of Shots Were Exchanged in Battle That is Only Halted by Darkness—  
Scene Resembles a Veritable Battlefield—  
Attacking Party Numbered Over Thousand

(By The Associated Press)  
HERRIN, Ill., June 21.—Darkness tonight compelled cessation of hostilities between striking union miners and employees of the Southern Illinois Coal company's strip mine near here, after hours of fighting in which thousands of shots were exchanged. One union miner is known to have been killed.

Reports were current that 12 to 15 employees of the strip mine were killed but these could not be verified because of the confusion at the camp.

Two union miners were wounded seriously and about six others were wounded slightly. Three mine guards were reported seriously hurt. Thousands of persons, many armed, were rushing to the camp tonight and the confusion made it impossible to check up the casualties reported suffered by the Southern Illinois Coal company's employees.

Shortly before the shooting began late this afternoon three of the ten men enroute here to work in the strip mine are known to have been shot down from ambush just outside of Carbondale. One of the ten escaped injury and the other six swam a creek and were fired on. They have not been accounted for. Charles Boyd, the man who escaped declared they had been fired on by at least 75 men.

The dead:  
Jordan Henderson, 45, of Herrin.

Known injured at Herrin.  
James Pichovich, of Herrin.  
John Forrest of Johnson City.  
Known wounded at Carbondale:  
Sidney Morrison, 25, of Chicago, not expected to recover.  
John Jordan, Chicago.  
C. W. Eng, Allentown, Pa.

Employees Entrench Themselves  
The scene of the rioting resembled a veritable battlefield. The strip mine being a surface colliery at which coal is scooped off the ground instead of dug in subterranean channels allowed the employees to entrench themselves behind the piles of coal on the ground awaiting to be loaded on to cars.

The striking miners, said to number more than one thousand, surrounded the camp shooting from all sides, and open warfare was conducted for several hours. The bullets spat with machine gun regularity.

The trouble followed an indignation meeting held just outside of Herrin today, following publication of a telegram from John L. Lewis, president of the United Mine Workers that the workmen at the strip mine are members of the Shovel Men's Union, were "common strike-breakers."

Mr. Lewis' telegram added that the shovel men's union had been outlawed by the American Federation of Labor. After the firing had continued more than an hour the strip mine employees raised a flag of truce and when a "runners" from the union forces was sent across the "lines" he was shot in the ankle. Hostilities then were renewed with greater vigor and later, when the strip miners again raised a white flag the signal was ignored. Darkness finally brought the shooting to an end, as it apparently was feared the shots would be misdirected and the fighters would wound their own men.

Efforts to communicate with officials of the miners' union here were unsuccessful tonight. The country for miles around is in turmoil, and in West Frankfort miners are canvassing the residences for arms and additions to their forces with success reported in both respects.

The streets of Marion are thronged with armed men and all the street corners are congested with gossiping residents.

Persons are flocking to the strip mine in automobiles, wagons and on horse back and roads leading to the camp virtually are impassable.

Some delegates assert Belgium is not so intransigent on the Russian question as was made to appear at Genoa, and that she really was influenced by France on the private property question.

Today's developments indicate distinctly that the conference will be a game of patience.

KILLS TWO—TAKES OWN LIFE  
ALBANY, Ore., June 21.—David F. West, who shot and killed Sheriff Kendall and Rev. Roy Healy today, tonight shot and killed himself, after being barricaded in his home.

### RESULTS OF IRISH ELECTIONS STILL MATTER OF DOUBT

Possession of Several Seats  
Will Not Be Known  
Until Today

(By The Associated Press)  
DUBLIN, June 21.—Ten seats for the new Dail Eireann remained to be filled, two in Kildare and Wicklow and eight in Cork; these are not likely to be announced until tomorrow. The figures for the eighteen seats already announced are:

Pro-treaty 55; Anti-treaty 33; labor 15; Independents 6; Farmers 5; Trinity College members 4. It is thought that Waterford and Tipperary returned Cathal Brugha (Charles Burgess) former minister of defense, on the third count. The constituency has shown itself to be overwhelmingly pro-treaty, and the two rejected candidates are the most significant in the whole election. Seamus Robinson, active dissident army leader was early eliminated but more remarkable was the defense of Daniel Breen, who was fighting against the British in 1920 and 1921 and no man was more eagerly sought by military and police.

He reached America and wrote home from Chicago after peace negotiations began an uncompromising Republican letter which was published. On his return to Ireland he was identified with the dissident section of the army but on the attempt of unification he joined with Michael Collins and Richard Mulcahy in an endeavor to effect it. When the Collins-DeValera pack arranged for a joint panel each side picking its own nominees, Breen was the only name on both lists. His defeat therefore was due to the average elector refusing to be influenced even by the joint recommendation of Michael Collins and Eamonn DeValera.

The Republican senator generally surprised and disappointed over the results but assented that these were due to the defective register and they anticipate a more successful fight on the new suffrage, comprising adults of both sexes. Labor's opposition to them would appear to negative this hope but they expect friction over the legislation between the labor members and the treaty party. Labor has its own object to the constitution and the Republicans will claim the support of labor in the debate on grounds based on the election manifesto of the laborites. There are sufficient treaty supporters to defeat any combination against the constitution. The elections have caused a distinct change in the future prospects of the Irish government.

After the Collins-DeValera pact it was assumed however numerous the successes of the independent candidates nothing could prevent the joint Sinn Fein forces from having a majority well over 30 in the Dail.

A majority for the Sinn Fein is not assured.

### WILL INVITE FORMER PRESIDENT TO HELP

(By The Associated Press)  
PEKING, June 21.—President Li Yuan Hung declared today he was prepared to invite Dr. Sun Yat Sen former president of the South China Republic to Peking to help in the re-unification and reconstruction of the country.

In this connection President Li said:  
"Sun Yat Sen once declared that he intended to tour foreign countries as soon as constitution of government was restored in China. That object has been attained and the time has come for Sun to start. If he cannot realize his purpose I will welcome him to Peking. I see no reason why he should not sit at the same table with me and discuss China's future."

The president declared he had offered the premiership to Wu Ting-fang, but had received no reply.

He asserted that China with the prospect of the old republican parliament convening now has before her the greatest opportunity since the republic was founded. So far as Peking is concerned the Canton government is at an end.

### ABRAHAM LINCOLN CAUSE OF CIVIL WAR VETS CLAIM

Confederates Adopt  
Report to This Effect  
at Richmond

(By The Associated Press)  
RICHMOND, Va., June 21.—"The war between the States was deliberately and personally conceived and its inauguration made by Abraham Lincoln, and he was personally responsible for the war upon the South," declared a report submitted today by the Historical Committee and unanimously adopted by the United Confederate Veterans now in session here. The report recommended that a history written by Col. Hugo W. Johnston, of Curryville, Ga., be used in the schools of the South.

Defends Memory of Lincoln.  
Springfield, Ill., June 21.—Defending the memory of Abraham Lincoln from the charge made today by the United Confederate Veterans at Richmond, Va., that he was personally responsible for the war upon the South, Henry B. Rankin, aged 85, who studied law in Lincoln's law office and has written books about him, tonight declared the charge a "lie."

Lying upon a couch from which he rarely moves, Mr. Rankin reached up for his "Personal Recollections of Lincoln," and commented as he turned its pages.  
"No man that ever lived," Mr. Rankin said, "was more lied about as to his personal manners and purposes of life. He was most essentially a man of peace. He detested war. During the war he went with Seward and met the Confederate cabinet and challenged them to take a white sheet of paper and write whatever conditions of peace they desired except secession, but nothing came of it."  
"Listen," Mr. Rankin added, "to a part of Lincoln's first inaugural. He addresses the south. 'In your hands my dissatisfied fellow countrymen,' he says, 'and not in mine, is the momentous issue of civil war. The government will not assault you. You have no oath registered in heaven to destroy the government, while I shall have the most solemn one to preserve, protect and defend it.'"

Active war was started by the south, Mr. Rankin said when the "Star of the West," a United States vessel carrying provisions to Fort Sumter was fired on. Then and then only did Mr. Lincoln act. He called for 75,000 volunteers.

Mr. Rankin said he could not imagine what prompted the Confederate veterans to renew the charge at this time. When the question, "Do you think it will damage Mr. Lincoln's memory?" was put to him he responded indignantly, "No, because it's a lie."

### PROSECUTION SAYS CONSPIRACY CHARGE HAS BEEN PROVEN

Case Will go to Jury  
Saturday After-  
noon at Latest

(By The Associated Press)  
WAUKEGAN, Ill., June 21.—The state's claim that Governor Small conspired with Lieutenant Governor Sterling, the late Senator Edward C. Curtis and Vernon S. Curtis to defraud the state of interest on public funds has been proved the prosecution declared today in final arguments to the jury.

The Assistant State's Attorney Free of Sangamon county and State's Attorney Dady of Lake county opening for the state, told the jurors that the governor and Mr. Sterling while in the state treasurer's office loaned \$25,000.00 to the Curtis Brothers' Grant Park Bank—an alleged fictitious institution—and thru manipulation of that fund the four accused of conspiracy, pocketed the major part of the interest earned.

In a dramatic appeal for conviction of the governor, Mr. Dady handed certificates of deposit of the Grant Park Bank for \$10,000.00 of the state money to the jurors and pointed out that they showed the public money was to draw "interest at the rate of — per cent."

The blank not having been filled in.  
"And that's just what the state got," Mr. Dady shouted. "The state got the blank interest and they got the state money."

By an agreement reached today each side is to have at least ten hours, with a maximum of 12 for closing arguments. Assistant Attorney General Wilkerson will speak for the prosecution tomorrow while State's Attorney Mortimer of Sangamon county will close for the state following the defense attorneys. The agreement was expected to send the case to the jury by noon Saturday.

It was rumored that C. C. LeForge, chief of counsel for the governor who rested his case without presenting any evidence also is planning to waive the final argument.

Asked by The Associated Press whether the report is true, Mr. LeForge declined to say whether he would or would not present arguments.

If the defense does take the ten hours, it is understood that A. F. Beaubien will open followed by W. W. Schroeder and Mr. LeForge.

Governor Small followed today's arguments closely. Sitting at the attorneys' tables he leaned over for frequent whispered conferences with his attorneys. Mrs. Small and friends spent a few moments in the court room but left shortly after Mr. Free began speaking.

Mr. Free traced the history of the case from the time of the grand jury investigation at Springfield last February and then reviewed the evidence of the conspiracy which the state claims had its inception early in Mr. Small's term as treasurer in 1917 down to the close of Mr. Sterling's term in January, 1921.

### FEDERAL RESERVE BANK REDUCE DISCOUNT RATES

(By The Associated Press)  
NEW YORK, June 21.—Announcement after the close of business today that the local federal reserve bank had reduced its discount rate from 4 1/2 to 4 percent, the lowest rate since December 1917, occasioned little surprise in financial circles.

Such a course was virtually foreshadowed last week, when the Bank of England still the arbiter of the world's money market cut its discount rate to the lowest since January 1914.

Within the past fortnight reserve banks at other centers have sought the approval of the board at Washington for lowering their rates of discount and interest because of the cheaper quotations for funds in the open market. It is almost certain that the action of the local bank will be followed by most of the other branch institutions.

SOCIETY MUST PAY  
INHERITANCE TAX

SPRINGFIELD, Ill., June 21.—An order of the county court of Cook county, requiring the Home Missionary Society of the First Episcopal church of Evanston, Ill., to pay inheritance tax on a bequest of \$11,109.53 received from the estate of the late Adels Edwards of that city was affirmed today in a ruling handed down by the supreme court.

### COMMUNISTS ARE MENACE SUPREME COURT DECLARES

Decision is Handed Down by Illinois High  
Court in the Case of William Bross Lloyd  
and Other Communists—Affirms Judgment of Criminal Court of Cook County

(By The Associated Press)  
SPRINGFIELD, Ill., June 21.—Communists are a menace. The supreme court of Illinois made this declaration today in affirming the judgment of the criminal court of Cook county which sentenced William Bross Lloyd, reputed millionaire, and 18 of 39 other communists to imprisonment for alleged attempts to overthrow the government.

The decision affirming conviction of the alleged communists was handed down upon a vote of 6 to 1. Justice Carter of Chicago dissented. The majority opinion held that the Communists had been given a fair and impartial trial and added:

"The doctrines advocated are not harmless. They are a menace. And it behooves Americans to be on their guard to meet and combat this movement which, if permitted to progress as contemplated, may undermine and endanger our cherished institutions of liberty and equality."

Delivered by Chief Justice Floyd E. Thompson the major decision upheld the following verdicts:

William Bross Lloyd and Arthur Proctor, each sentenced to the penitentiary and to pay a fine of \$2,000. Jack Carney, sentenced to imprisonment in the penitentiary and to pay a fine of \$1,000; L. E. Katterfield, L. K. England, Ludwig Lore, Edgar Owens and Neils Kjar, each sentenced to imprisonment in the penitentiary; Perry Shipman, Carl F. Sandberg, Oscar Jesse Brown, N. J. Christiansen, Samuel F. Hankin, John Vogel, Morris A. Stolar and Charles Krumbien, each sentenced in the county jail for one year.

Speaking of the wisdom of the law the court said:  
"Our investigation is limited to the right of the assembly to enact this law. Granting that there is much force to the argument of counsel for defendants that repressive measures of this character are unwise, that they tend to solidify the several disintegrated groups of malcontents, that they drive the agitators to cellars where they plot over acts and become a real menace and that the enactment of such measures is a confession that theory of popular government is wrong because the people cannot be trusted to protect themselves against false doctrines, the arguments are not properly directed to the judicial branch of the government. It may be that this evil can best be met by providing a place where all agitators can relieve themselves of their pent-up fury and where all preachers of false doctrines can work off their fervor from a soap box in the open air but that is a question which constitution has permitted for decision to the legislative branch of the government. The wisdom or propriety of such legislation is not a question for the courts."

Recites History of Growth  
The opinion recites the history and growth of the communists program and details the organization of the communist labor party in Chicago the first week in September, 1919. All of those convicted participated actively in the organization of the party. Each session of the convention was opened with the Bolshevik yell which ran like this: "Bolshevik, Bolshevik, Bolshevik, bang!"

"We are members of the Gene Debs Gang.  
"Are we rebels? I should smile!  
"We are with the soviet all the while."

Their platform declared that they were in full harmony with revolutionary working class parties of all countries and that they stood by the principles stated by the third international formed at Moscow.

They proposed disarming the officers of the existing government and arming the revolutionists. They declared against the reformation of the existing form of government and declared for the destruction of the form of government now secured to the several states.

PRESSURE WILL BE  
BROUGHT TO BEAR  
ON MUSCLE SHOALS

Will Try to Bring  
About Disposition  
By Government

(By The Associated Press)  
WASHINGTON, June 21.—Indications were given in the house today that unremitting pressure would be exerted to bring about action on disposition of the government's properties at Muscle Shoals, Alabama.

Representative Pott of North Carolina advocating speedy action on acceptance of the Ford offer for lease and purchase of the properties, disclosed he had made a motion in the rules committee of which he is a member of the order for special privilege.

"The Muscle Shoals proposition has attracted almost as much attention thruout the country as the subsidy bill," Mr. Pott said. "The Democratic minority of the rules committee was earnestly in favor of considering the bill but the Republican majority walked out of the room."

"You cannot sidestep the issue," he declared, addressing the Republicans. "You may take your recess but the time will come and not in the very distant future when the rules committee will not adjourn when Muscle Shoals is brought before it."

The speech brought a reply from Chairman Campbell of the rules committee who declared that the only pressure brought to bear in the committee for immediate consideration of the Muscle Shoals legislation had come from Representative Pott. Mr. Campbell asserted the rules committee could be counted on to consider expeditiously the Ford offer and members of the house had ample time to consider reports submitted from the military committee.

The question received the attention of the senate agriculture committee which in resuming its hearing on the Ford and other offers heard testimony that the Gorgas, Alabama, steam power plant was a greater factor in the industrial development of Alabama than it was in the Ford plan for development of Muscle Shoals.

Thomas W. Martin, president of the Alabama Power Company, said if the Gorgas plant was turned over to Mr. Ford it meant that power could not be delivered to the industries of Alabama in amounts they required. With the operation of the plant by his company he said water power could be supplemented by steam during the low stages of the rivers and furnished at all times in quantities sufficient to complete the mines and other industrial establishments in continuous operation. Frank Nelson, coal operator, supported this testimony.

When you are thinking about the lower cost of living, just take into account the tire prices. It is easy to find advertisements these days telling how the tire prices have been slashed.

The chances seem to be growing less and less for the real estate boomers down in the Muscle Shoals area. It will be a sad thing for some of the speculators if the town lots and factory sites as shown on the blue prints are returned to farming purposes.

One election day a year is proposed for downstate territory by the constitutional convention. If we are to decide all city, county and state affairs on one day each year and include national affairs on the same day every four years, let us hope there will be some increase in the number of polling places. It will be necessary either to increase the number or to keep the polls open for about 24 hours.

One note on industry says that a great many miners in the eastern fields have gone to work in the steel mills where production is now at a high level.

This fact would be more disturbing in connection with the coal strike if it were not true that a great many miners could be spared and still leave an output quite sufficient for the country's demands.

There are various organizations in this state for the forwarding of special interests. If you want to get in touch with one of the lists of these organizations you should visit the headquarters of the Illinois Agricultural association in Chicago. This is the view of a Jacksonville man who recently stepped into these offices. He was surprised to find the size of the working force and the air of industry and interest pervading the offices. Facts that

have value in connection with agriculture and livestock are being compiled there for the guidance of members. But the work is by no means limited directly to crop and livestock problems. A tax department is at work and at no distant date the figures will be given out to show how much more rapidly taxes have been increased on farm lands than on city property.

There are, as indicated, varied lines of activity and one cannot visit the offices and come into some intimate knowledge of the work in progress without realizing that this association, if kept intact, will wield a great influence in the affairs of the state.

**SETTING A GOOD EXAMPLE.**

(From the Quincy Herald.)

The cause of education received a mighty impetus last week when Henry F. Scarborough of Adams county gave \$50,000 to the endowment of Illinois College at Jacksonville. The man of means who puts money into well established educational institutions makes the best possible investment. It will bring him returns many fold in the things which a man of that kind values more than semi-annual interest payments. Men and women living within the city limits of Quincy and having wealth in abundance might well learn from the example of the Seymours and Scarboroughs, Adams county citizens who have a high conception of their stewardship of their possessions.

**OLD TIME BAR OF MORGAN COUNTY**

Judge Layman Read Names of Members of Bar in 1875—All But Two Are Now Dead.

During the memorial exercises for Henry Stryker and Thomas Worthington in the circuit court room Wednesday morning Judge M. T. Layman read a list of the members of the Morgan county bar in 1875 at the time he came to Jacksonville to practice law.

Members of the bar evinced great interest in the list presented by Judge Layman. It included twenty seven names and all but two, Julian P. Lippincott and George J. Dodd have passed on.

In the list of names there are many who became nationally known as attorneys and practically all of them became famous in this state. Many members of the present Morgan county bar are unacquainted with most of these men except by reputation. But quite a number had the good fortune to be associated with most of them in an intimate way. In the list are names to conjure with even in this day.

Thruout the entire period of its existence the Morgan County Bar has been recognized as one of the strongest in the state and its members have been of the highest type.

The names of the Morgan County Bar in 1875 as read by Judge Layman are: Quitman Brown, James N. Brown, William Brown, William A. Crawley, William P. Callon, Henry E. Dummer, George J. Dodd, Oscar A. DeLew, James M. Epler, Judge Cyrus Epler, Wilber F. Goheen, James H. Kellough, J. J. Ketcham, E. P. Kirby, J. P. Lippincott, J. L. Morrison, E. L. McDonald, Fred McDonald, James M. North, Robert D. Russell, George W. Smith, E. M. Sanford, Henry Stryker, T. J. Springer, William Thomas, T. G. Taylor, H. G. Whitlock.

**MAKE ANTIQUITIES ON EXTENSIVE SCALE**

LONDON—"The manufacture of antiquities is carried forward on such an extensive scale in Egypt, particularly at Cairo that it now has a place in reports on the industries of the country," says Professor Flinders Petrie, the famous Egyptian archaeologist in an interview in the Daily Chronicle.

The forgeries of Egyptian antiquities are often so well executed, he states, that even most experienced collectors are deceived by them. Large sums of money have been paid for articles that were considered genuine treasures but have now been pronounced spurious or of doubtful origin. So strong is the suspicion concerning the authenticity of scarabs and various bronze and gold ornaments and other articles alleged to have been found in Egypt that many collectors are afraid to risk buying them, and in an excess of caution often turn down antiquities that are undoubtedly genuine. Thus the forgeries have largely ruined the market for Egyptian historical treasures.

**WELL KNOWN COUPLE UNITED IN MARRIAGE**

Miss Trent T. Smith and James S. Sheppard Were Married Last Night at Home of Bride's Parents.

The marriage of Miss Irene Thelma Smith and James Stacy Sheppard was solemnized at 8 o'clock Wednesday evening at the home of the bride's parents, Mr. and Mrs. Wesley Smith, 735 North East street. Rev. M. L. Pontus pastor of Central Christian church performed the ceremony in the presence of a limited number of relatives and friends of the young people.

The bride and groom were attended by Miss Zella Sheppard, a sister of the groom, and John Lukeman. Preceding the ceremony Miss Dixie McLean of Los Angeles, Calif., sang "O Promise Me," and "I Love You Truly." Miss Joyce Estaque, a cousin of the bride, was the accompanist and also played the wedding march.

The wedding party stood before a bank of sweet peas and ferns as the ceremony proceeded. Master James Emmett Frye carried the ring on a white satin pillow and little Miss Elizabeth Frye was the flower girl.

The bride wore a gown of penia cloth, the material having been sent to her by her uncle, Fred Harper, from the Philippine Islands. She carried a bouquet of orchid roses.

The gown of Miss Sheppard was of white net over pink and her corsage bouquet was of sweet peas. The little flower girl was dressed in pink organdy.

The house was prettily decorated for the ceremony, garden flowers being used profusely and with fine effect. After the ceremony there was an informal reception and a wedding supper served.

The bride has spent all her life in this city and received her education in the local schools. She has for some time held a position as bookkeeper at Cosgriff's Food Center and is a young woman who by her pleasant manner has won a host of friends.

The groom is a son of E. S. Sheppard and formerly resided in the Murreysville vicinity. He is a graduate of the Murreysville high school and is now employed at the Loop Cafe. The young people will make their home at 735 North East street, and will receive the congratulations and best wishes of a large number of friends.

Out of town guests at the wedding were Mrs. F. M. Fanning of Pasadena, Calif., an aunt of the bride; Mrs. J. L. McLean and Mrs. LeRoy Dame, both of Los Angeles.

THE LORRAINE  
MUST BE BAD

(By The Associated Press)  
BAYSIDE, N. Y., June 21.—Any flapper who dances the "lorraine," Broadway's latest on the floor of the Bayside Yacht Club will be in for a ducking.  
That is the ultimatum announced today. It reads:  
"The style of dancing we have been obliged to try to correct in the past is not a circumstance that which met the astonished observation of our members on the occasion of the opening of the club on Decoration Day.  
"Ye Gods! Cleopatra in all her prime must have come far short of measuring up to the suggestions insidiously conveyed in what some of the youngsters contorted on our opening evening. Let it be well understood that insofar as the Bayside Yacht Club is concerned Lorraine is taboo and she may as well pull together her skirts and make for the Bay for she will land there with a splash if she shows her wiggle on the dance floor again."

SOCIAL STATUS  
IS DETERMINED

London, June 21.—The social status of an American ex-President and his wife at the court of St. James has been fixed as second only to that of British Royalty in consequence of the presentation to the British sovereigns yesterday of Chief Justice Taft and Mrs. Taft. The precedent is set for an American ex-president does not bow before the king and his wife does not curtsy to the queen.

EXPRESS DOUBT AS  
TO AIRPLANE STORY

(By The Associated Press)  
WICHITA, Kansas, June 21.—Local aviation experts expressed doubt tonight that three persons could have escaped death by leaping from an airplane which went into a tail spin at 3,000 feet as narrated today by R. H. Norman, professional parachute jumper of Oklahoma City. Norman could not be located tonight.  
Advices from Washington stated the escape of three passengers from an airplane which had gone into a tail spin is unprecedented according to records of the air service heretofore such a spin had invariably proved fatal to every person in the machine.  
According to his story told to a local newspaper, Norman, with Pilot Roy Snow and a woman passenger narrowly escaped death by jumping 1500 feet using parachutes which had been strapped to their bodies before the flight as an emergency precaution.

FAVORS ADOPTION  
OF FOUR AMENDMENTS

CINCINNATI, June 21.—Organized labor virtually committed itself today at the American Federation of Labor convention to a program favoring adoption of four constitutional amendments the repeal of the Sherman anti-trust law and the enactment by congress of two other measures for the avowed purpose of curbing the courts on account of decisions adverse to labor. A final vote was delayed until tomorrow so that delegates might continue to unleash their feelings against what was described by the special policy committee reporting the program as a judicial oligarchy that is threatening to set itself up above the legislature and above the people themselves.

Miss Mary Patefish of Littleton visited the city yesterday.

National Institute of Progressive Farming Says Great American Beef Steak Is on Its Way Back to the Poor Man's Table.

Chicago.—By The Associated Press.—The great American beef steak and the succulent roast beef are on their way back to the menu of the ordinary citizen, according to a report made at a meeting of the National Institute of Progressive Farming.  
The reason is simple, according to Guy H. Hall, director of the institute. It is that with the depletion of the grain market has again become profitable to market feed grains via the beef market.  
"Our survey of the beef situation, which has often been on for a month, covered the four leading pure-breed cattle associations, namely, the Hereford, Aberdeen-Angus, Shorthorn and Galloway, the leading livestock markets and some 17,000 farm implement dealers," said Mr. Hall.  
"The investigation," continued Mr. Hall, "shows a market increase in the sale of bulls to farmers and range cattle growers. This means increased herds. All reports agree on that. Herds were terribly depleted during the deflation period and there is still a shortage, but the movement back to normal is now in full swing. As production increases so will consumption, and the rehabilitation of all industry will be that much advanced."  
"It is not an exaggeration to state that optimism has returned to the farmer. He sees pure profit in this season's work and he is buying tractors and farm implements and using them. Our hog survey recently made public, indicated that the beef survey confirms it and our sheep survey, now in progress, will clinch it I am sure."  
The survey indicates a profitable market for beef for at least eighteen months longer, and with honest retailing of meats, the American working man should have his beef on the table at least once a day, as of yore. It will not be the grower's fault if he cannot afford it. England has grown to greatness on beef; so has the United States. The return of the steak and the roast to the table is of international importance.

RADICAL CHANGE IN  
ARMENIAN MUSIC

CONSTANTINOPLE.—A radical change in the national music of the Armenian people is being planned by the native teachers who are in charge of the educational work of the republic. The purpose is to eliminate the "note of sadness and submission," and substitute a more joyous spirit, according to L. Ray Ogden, Oakland, Cal., superintendent of the American Industrial school where 2,000 Armenian orphans are learning native trades.  
"Many generations of suppression and persecution have left an indelible impression on the popular music and folk songs of the Armenian people," said Mr. Ogden recently. "The native dances, poems, and plays are all in a distinctly minor key which is bound to have a depressing effect on the youth of the country. But with the dawn of a new freedom, this note of sadness ought to be changed, so far as possible, into a spirit of inspiration and enthusiasm. In the schools, we have agreed to eliminate some of the most depressing of the national folk songs, replacing them with other national music revived from the ancient songs of the shepherds and farmers."

FAVORABLE CONDITIONS  
FOR HARVESTING

(By The Associated Press)  
WASHINGTON, June 21.—Generally favorable conditions for the harvesting of grain and hay for the cultivation of crops except in some northeastern and north central states were recorded today by the weather bureau in its weekly weather and crop review for the week ending Tuesday. The winter wheat belt had unseasonably high temperatures he review said the result being that the crop ripened rapidly. Harvesting progressed in Central Indiana, Central Missouri and in the eastern half of Kansas.  
Spring wheat continued to make satisfactory progress in all sections of the belt unfavorable weather conditions.  
Corn made good growth in most sections during the week but the need for rain was beginning to be felt in Central and Southern districts. The weather was favorable for cultivation and generally fields were reported free from weeds. The condition was described as very good in Iowa and Illinois.  
Oats were favorably affected by rains in the more northern states from the great plains eastward but in the central valley states it was so warm and dry that many complaints of short heading were received.

GERMANS UNDERBID  
AMERICAN FIRMS

JERUSALEM.—Much of the material that is to be used in the work of developing the hydraulic power of the falls of the Jordan, near the Sea of Galilee, will be acquired from German firms. Their prices are said to be one-half those of British houses, and considerably below those of American bidders.  
The plan includes the construction of a dam on the Jordan River at the point where it issues from the Sea of Galilee; a large storage reservoir; irrigation canals, and the installation of electric generating stations. American-Jewish organizations are said to be largely interested in the project.  
The contract has been awarded to Pinhas Rubenberg, a Russian engineer, by the British government. Mr. Rubenberg is now in the United States seeking financial support for the project. The work will involve expenditure of \$10,000,000 and the employment of 8,000 men. The Russian contractor also will undertake to draw electric power from the Aujia River to light the ancient city of Jaffa and the communities of Tel Aviv, Ramleh and Petach Tikvah. He is allowed two years in which to raise the capital and start operations.

SHAW GETS BIG  
MOVIE OFFER

LONDON.—George Bernard Shaw has been offered \$100,000 a year for five years by an American syndicate to produce two motion-picture films each year. The author made this announcement himself at a dinner of the Society of Authors in London. Declaring that the cinema rights of a single story might be worth \$50,000, he urged young authors not to be too ready to give concessions to cinema producers or literary promoters, among whom, he said, there was unfortunately no absolute standard of honesty.  
"A man who sells a table or a chair charges no more than the cost of the article plus a reasonable percentage of profit," he said, "but nothing of the kind applies to the publishing, theatrical or cinema business. The truth is the whole thing is a gamble, and producers who make perhaps one success in 10 or 20 ventures want to make that success pay for all failures."

A force of men already is at work in East Peoria, relaying ties. Officials of the Peoria railway company have announced that it is their intention to spend \$40,000 this summer on improvements.

MURDER OF HUSBAND

Daughter Tried Jointly With  
Her is Acquitted of  
Charge

(By The Associated Press)  
PARIS, June 21.—Madame Marie Louise Bessarabo writer of feverish verse and sensational stories under the name of Hera Mirtel, today was convicted of the murder of her husband and sentenced to 20 years hard labor upon a confession made in open court by her daughter, Paule Jacques, tried jointly with her but acquitted.  
Then the mother who had just been condemned by her daughter became her daughter's defender; she implored the jurors' mercy for her daughter and later when she was convicted and the daughter acquitted she thanked the jury for setting her daughter free.  
"Forgive my daughter," she begged them. "Pardon this child. Punish the old one for she has had youth and has lost it in work. She is guilty because she is old."  
Mother to the last she remained sarcastic saying to the jury and judges:  
"I see only men here. There are 15,000 women in your prisons but none among my judges."  
An hour later when the verdict was read she smiled when she heard that her daughter was freed, with a tenderness that amazed those who had watched her studied coldness her hard face, throught the trial.  
She smiled as she told the jurors:  
"I thank you for having acquitted my daughter. As for me I am innocent."

After piling 60,000 Camel ciga-

floor, burglars who forced en-

The Standard Oil station also

link the burglaries together but  
to far have been unable to gain a  
clue to the perpetrators nor  
locate the stolen truck.

The burglars gained entrance  
to the Jenkinson-Bode establish-

ment by breaking the glass in  
the door and slipping back the  
bolt on the door. Edward Or-  
nelas discovered the attempted  
theft about 4 o'clock Wednesday  
morning and notified the police.  
Capt. Elliott and the night force  
responded promptly and Chief

At the Standard Oil company

### COUNTY BAR HONORS DECEASED MEMBERS

Resolutions Adopted in Memory  
of Henry Stryker and Thomas  
Worthington—An Impressive  
Service.

At the session of the circuit  
court Wednesday morning with  
Judge F. W. Burton presiding, a  
memorial service arranged by the  
Morgan County Bar was held for  
Henry Stryker and Thomas Worthington,  
both of whom have passed  
away within recent months. Not  
long since the Bar association ap-  
pointed two committees to pre-  
pare suitable resolutions.

The report of the committee to  
draft resolutions with reference  
to Mr. Stryker was presented by  
Judge M. T. Layman, his associ-  
ates on the committee being Jul-  
ian P. Lippincott and John J.  
Reeve.

A Veteran of the Bar.  
Henry Stryker was one of the  
old landmarks of Jacksonville  
and Morgan County. He spent  
substantially the whole of his life  
in Morgan County; in his early  
days he was an active practition-  
er at this bar; was City Attorney  
of the City of Jacksonville in an  
early day; for many years was  
Master in Chancery of this Court,  
and his whole life, both as a law-  
yer and as a citizen, was one that  
might safely be emulated by any  
young man in the profession.

As a citizen, Henry Stryker  
was among the very best, and  
was always willing to do his full  
share in the development of the  
City and the community. His  
business transactions were above  
reproach, and he has left a legacy  
to this and succeeding genera-  
tions, the example of a life filled  
with good deeds, and the Bar of  
Morgan County is better ac-  
count of the life which Henry  
Stryker has lived as a lawyer and  
as a citizen in this community.

As a Christian citizen, he was  
admired by all, and was one of  
the leading members. If not the  
most prominent member of  
Trinity Episcopal church in this  
city, and the survivors of his  
family can point with pride to  
his record in all branches of life  
in which he was engaged.

Respectfully submitted,  
JULIAN P. LIPPINCOTT,  
M. T. LAYMAN,  
JOHN J. KEEVE.

In memory of Thomas Worthington  
a committee including  
Judge Owen P. Thompson, J.  
Marshall Miller and Judge E. P.  
Brookhouse was appointed. Judge  
Thompson made the report for  
this committee as follows:

**Left Honorable Record.**  
The death of Thomas Worthington,  
a respected and honor-  
able member of the Morgan  
County bar occurred Feb. 15th,  
1922, at his home in Jacksonville,  
Illinois. Mr. Worthington was a  
courteous gentleman, an able and  
industrious lawyer who had won  
an enviable place in the Com-  
munity where he resided, and  
was highly regarded by the  
judges of the courts wherever he  
appeared in the discharge of his  
duties as a lawyer.

He was also held in high es-  
teem by the members of the legal  
profession as an honorable and  
able lawyer. He was conscienti-  
ous, reliable and trustworthy in  
his relations with the members  
of the bar and his clients. Mr.  
Worthington was a close student  
of current events, affecting not  
only local, state and national, but  
also he was well informed about  
peoples of other nations, their  
governments, their life, their  
progress, their success and their  
failures.

As a public official he served  
with credit to himself as United  
States District Attorney for the  
Southern District of Illinois, as  
member of the General Assembly  
of this state, and as Commis-  
sioner of the Census for this Dis-  
trict. In each position his con-  
duct was governed by a high  
sense of devotion to duty.

Mr. Worthington was deeply  
interested in all the activities  
touching the life of the com-  
munity in which he lived. He  
was active in the stimulation and  
promotion of the desires and op-  
portunities for education. His  
influence was invariably cast on  
the side of law and order, good  
morals and clean life.

His widow, who is the daugh-  
ter of the late L. L. Morrison,  
who for many years was one of  
the leading lawyers of this Com-  
munity, and his son may be com-  
forted by the memory of the  
many fine traits of character and  
honorable professional and offi-  
cial record of Thomas Worthington.

We shall miss the familiar fig-  
ure of our dignified, courtly,  
gentlemanly friend, whom we  
knew so well.

OWEN P. THOMPSON,  
J. MARSHALL MILLER,  
E. P. BROOKHOUSE.

After the resolutions had been  
read various members of the bar  
spoke in a personal way of their  
association with the deceased at-  
torneys, voicing admiration for  
them from varied viewpoints.  
Judge Burton spoke in fitting  
terms for Mr. Worthington and  
said that while he had no per-  
sonal acquaintance with Mr.  
Stryker, that he knew the high  
opinion in which the deceased was  
held. The service thruout was  
made very impressive.

children who were guests at the  
party and the hours were spent  
with games on the lawn. A mam-  
moth grab bag, containing gifts  
for each of the children, was one

Chapel Aid Society met Wednes-

business session occupied the larger  
part of the afternoon, but there  
was a paper presented by Mrs. El-  
mer Nicholson on a missionary  
topic.

Woman's Home Missionary So-  
ciety of Grace M. E. church was  
held Wednesday afternoon at the  
church. The program was in  
charge of Mrs. C. E. Williamson  
and Mrs. G. W. Randle, who is in  
charge of the domestic science  
department of the Bennett Acad-  
emy in Matheson, Miss., was the  
main speaker of the afternoon.  
She gave an interesting account  
of her duties at the school and  
the way in which various prob-  
lems had been solved. Miss Os-

ber of pictures taken at the  
school. Two piano numbers by

### COACH HARMON HAS RESIGNED POSITION

Presents Resignation as Director  
of Athletics of Illinois College  
—Has Been With College Since  
1910.

President Rammelkamp of Illi-  
nois College last night announced  
that W. T. Harmon had presented  
his resignation as director of ath-  
letics at the school and it had  
been accepted.

The rumor that Mr. Harmon  
had resigned was current on the  
streets yesterday. When a Jour-  
nal reporter asked about the  
rumor last night it was verified  
by President Rammelkamp.

In speaking of the resignation  
Dr. Rammelkamp said that the  
entire faculty and Board of Trus-  
tees regretted greatly Mr. Har-  
mon's resignation. The relations  
of many years were severed with  
the best of feeling on both sides.  
It was merely a question of salary  
and the college was unable to pay  
the salary that Mr. Harmon asked  
the Mr. Rammelkamp said there  
was no question but that he was  
worthy of it.

Coach Harmon has been one of  
the most popular and successful  
coaches the college has ever had.  
He graduated from the institu-  
tion in the class of 1907. Fol-  
lowing his graduation he coached  
at St. Marys college in Kentucky  
for three seasons.

He returned to Illinois in the  
fall of 1910 when athletic affairs  
were in a rather chaotic con-  
dition. He began at once to build  
them up with the result that  
championship teams have been  
turned out in all branches of sport.

With the exception of the years  
of 1917 and 1918 when he was in  
army service, Mr. Harmon has  
been with the college continuous-  
ly since. He is, with the exception  
of Coach Russell of Illinois State  
Normal, the oldest coach, in point  
of years of service in the confer-  
ence of minor colleges in the state.

Last night Mr. Harmon stated  
that he had no definite plans for  
the future and did not say whether  
or not he would continue coach-  
ing. There is no doubt but that  
if he decides to continue in this  
work that he will receive many  
flattering offers for his fame has  
spread thruout the middle west as  
a coach who gets results.

During his regime on the hill  
he has turned out many noted  
athletes. Among them were Fred  
Stewart, Julius Frisbee, Hansel  
Wilson, John Mitchell, Jimmy  
Barnes and Bo Cully in football  
and many others in track, basket-  
ball and baseball. His greatest  
success has been in taking green  
men and developing them into stars  
in their respective branches of  
sport. The countless friends of  
Coach Harmon while regretting to  
see him leave will wish him suc-  
cess wherever he may go.

### EUGENE WILSON DIED SUDDENLY

Well Known Colored Resident  
Falls From Wheel While En-  
route Home—Died Almost In-  
stantly—Coroner Rose Held In-  
quest.

Eugene Wilson of 1319 South  
Tendick street, a well known col-  
ored citizen, met sudden death  
Wednesday evening.

Mr. Wilson was riding home  
from work on his bicycle and was  
just turning from West College  
street into South Diamond street  
when he suddenly fell off his  
wheel dead. The time was about  
7:30.

Dr. Edward Bowe was called to  
the scene and after examination  
gave the opinion that the man  
had died of organic disease of the  
heart. The body was taken to the  
Gillham funeral home.

Coroner Rose was called and  
impelled a jury consisting of J.  
R. Scott, foreman and W. H. Wil-  
lam, Ora Moore, George Coff-  
man, Lesley Dugan, and W. Hen-  
ry Snowden, clerk. The inquest  
was then held. Miss Edith Rod-  
gers and Orville Patton gave tes-  
timony as a witness of the death,  
and Dr. Edward Bowe furnished  
the medical testimony. The ver-  
dict of the jury was that Mr. Wil-  
son came to his death of valvular  
lesion of the heart.

Mr. Wilson is survived by his  
wife, Mrs. Myra Wilson, and five  
children. The time of the fun-  
eral will be announced later.

### LOSES AUTOMOBILE

A Ford sedan belonging to  
Raymond Lynn, operator at the  
Western Union, was stolen Wed-  
nesday night from Nichols Park.  
The police were notified and  
began a search for the stolen  
auto.

An auto belonging to Clarence  
Large was stolen from the same  
place. It looks as though a gang  
was operating. It is suggested  
that all those who have been in  
the habit of leaving their switch  
key in the car should change their  
ways if they wish to avoid theft.

### STRAWN MAUSOLEUM HAS BEEN COMPLETED

The Mausoleum of the Strawn  
family which has been under con-  
struction for Gates Strawn on  
Mound Avenue was completed  
Wednesday. The Mausoleum is a  
very beautiful piece of work. It  
is made of Barre Granite and the  
interior is finished with Italian  
marble. It stands 13 feet 4 in-  
ches high and has room for nine  
bodies. The entrance is closed  
by a pair of bronze doors.

The work was supervised by  
R. L. Roseborough of Saint Louis  
who has had four men busy for  
nearly three months in construct-  
ing the mausoleum. Mr. Rose-  
borough left last night for Saint  
Louis.

### SINGULAR COINCIDENCE

Russell Hollingsworth of Pal-  
myra, was a caller in the city yester-  
day. The young gentleman  
went across the water in the  
World War and landed at Glas-  
gow with some other troops. The  
first man he met on Scottish soil  
was one who kindly accosted him  
and asked him from what part of  
America he came. He told him  
Palmyra, Ill., and the Scotchman  
said he was a Presbyterian min-  
ister who had once lived in the  
United States and had served a  
church in Palmyra and mentioned  
a number of persons well known  
to Mr. Hollingsworth.

### SIX WESTERN TRAVELERS

Yesterday afternoon a fine  
Buick car drew up in front of  
Howard Zahn's Buick headquar-  
ters on East Morgan street and  
at once attracted the attention of  
all about the place. The car was  
driven by John and Frank V.  
Shaw and was being taken to its  
fortunate possessor at Fairfax,  
Oklahoma. It was a fine vehicle  
specially built, handsomely paint-  
ed and adorned and was the best  
and latest in automobiles, model  
No. 2255. The drivers had made  
good time and were expecting to  
reach their destination at an  
early day if no trouble annoyed  
them.

There were two more parties  
connected with the car, picked up  
on the way, and all were pleasant  
gentlemen whom it was a pleas-  
ure to interview. Two of the  
number were Messrs R. W. Laugh-  
lin and W. S. Custer of Columbus,  
Ohio. Their destination is Camp  
Roosevelt, Yellowstone National  
Park where they have employ-  
ment awaiting them. They left  
Columbus at nine Monday morn-  
ing and have been obliged to walk  
but ten miles so far. They are  
not traveling on a wager but try-  
ing to get to their destination as  
cheaply as possible.

So far they have spent but  
twenty-five cents, getting their  
feed and beds by doing chores for  
hospitable farmers enroute. They  
are gentlemanly young persons  
and doubtless have little trouble  
in making a good impression.

Two others of the party were  
C. Keene and M. N. Carew from  
Baltimore, Maryland. They left  
that city Saturday A. M. and are  
on their way to the Pacific  
coast but expect to stop on the  
way to harvest in Kansas. They  
are very pleasant and polite  
young men but perhaps not quite  
so persuasive as the others for

they said their expenses had been  
five dollars thus far.

The six persons made a very  
attractive company and the four  
pedestrians no doubt feel grate-  
ful to the Messrs Shaw for giv-  
ing them such a lift in their  
long journey.

### SOME FINE HOGS

N. J. Goss, collector for the  
Journal, has some Red Duroc  
hogs of which he is poudously  
proud. He has a number which  
he says will weigh at least 300  
pounds and more. A few days  
ago he had the misfortune to lose  
a sow which he says weighed  
right at 600. He has a gilt four  
months old which weighs 235  
and would like to know who can  
beat that record.

**Veteran of Railroad Service Says He Is Energetic As Young Man of 25 Since Tanlac Completely Ended His Dispepsia.**

"I have picked up ten pounds since taking Tanlac and feel like a brand new man," said Henry Ferren, 4332 N. Keystone Ave., Chicago, Ill., messenger for the American Railway Express Co., on the C. M. & St. P. R. R. between Chicago and Kansas City. He has been in the service forty years.

"I am now past fifty but I feel as good as I did when 25. For over two years I had a bad case of stomach trouble. Indigestion kept hitting me harder every day. My appetite went back on me and my food stuffed me up terribly causing sourness and awful spells of heartburn. I suffered from headache, backache, nervousness and loss of sleep. My strength and energy were leaving me.

"Four bottles of Tanlac have given me a corking good appetite and my stomach in apple pie order and rid me of every ache and pain. I am in the pink of condition and never lose a chance, at home or on the road, to put in a good word for Tanlac."

## SECURING HARD ROAD ROUTE PROGRESSES

Entire Right of Way of State Road Thru White Hall Township Secured—Other News From Green County.

White Hall, June 21.—The entire right of way for the state hard road thru White Hall township has been secured to the state, and no further delay can come out of right of way difficulties, according to a statement made by James Pegram, secretary of the local committee handling the proposition. This committee is being commended for the prompt and thorough manner in which the proposition has been handled, it being headed by C. A. Ruckle, and other members are Guy Lowenstein and A. H. Cain. Within the past week they obtained deeds for including land of W. S. Corsa, Wm. Dunphy, H. W. Roodhouse and Misses Alice and Ella Tunison.

A move last week to change the route to come in west of White Hall looked very uncomfortable to the general community, as the most flattering inducements in the way of right of way and other assistance was being freely offered, but this would involve a resurvey that would require more time.

Mayor H. W. Roodhouse, thru whose land and that of his brother, Benj. Roodhouse, the latter of Chicago, there appeared to be a stumbling block, pledged to donate liberally in land and cash and offer every possible aid in realizing the original route, which was followed by filing deed to land through the farm of Benj. Roodhouse, as well as that of the mayor. The mayor's financial rating caused an expansion in the rift in the clouds of the past week with his declaration of unstinted support to the original survey.

The contract for the stretch between White Hall and Roodhouse may be let within the next two weeks, and the committee is investigating the best routes for a long period of detouring between these points. The road via the interlocking plant will likely be adopted.

**D. V. B. S. In Progress.**  
 White Hall, June 21.—The second week of the Daily Vacation Bible school in the Presbyterian church practically establishes the institution in local church affairs. The first week's enrollment was 151 and the second week it has grown to 191. All the denominations are participating, including the Catholic church, and the sessions will continue from 8:30 a. m. until 11:15 a. m. daily July 14th, a period of five weeks. There are fourteen teachers and sixteen assistants.

The division of the work begins with the assembly and devotionals, 10 minutes; music including hymns, 15 minutes; memory work; health and habit talk, 20 minutes; rest period, devoted to calisthenics and motion drills; Bible period, in which the Bible is dramatized by the junior and senior groups; closing period, devoted to the crafts, such as copying saw work, hammock weaving, sewing, bead making, participated in by the four groups, junior and senior girls and junior and senior boys.

This institution was established last year by Rev. Leo Hanchett, pastor of the Presbyterian church, and he conducted the initial season on his own responsibility. This year all the churches pledged cooperation with the result that greater things are being carried out. The work is being handled very satisfactorily in the Presbyterian church without the necessity of parceling the work among other churches. Visitors are welcome. Next Friday afternoon at 2:30 there will be a parade, followed by a kite flying contest on Whiteside park. Every Saturday afternoon the pupils are treated to free moving pictures in the Princess theater.

**Former Resident Dies**  
 White Hall, June 21.—The remains of Milton Owings were brought from Litchfield Monday and interred in the White Hall cemetery. He had been a long sufferer from rheumatism, and his death removed a former business man of White Hall, who had passed the 70th milestone in life. The family originated at Winchester, coming to White Hall nearly forty years ago, and here Mr. Owings was engaged in the dry goods business until after the death of his wife some 25 years ago, when he was for a time engaged in the grocery business before locating at Litchfield as a traveling salesman for a wholesale grocery house. His children are Mrs. M. J. Black of Waverly, A. L. Owings of Canton, Mrs. Walter Winn of Baxter Springs, Kansas, and Carl, in Canada. Mr. Owings was a great church worker all the years of his life in both the Methodist and Baptist denominations.

**News Notes.**  
 J. R. Stanton was a week-end guest of T. M. English. He has closed out his publishing business in Chicago, and will locate at Los Angeles with the view of permanency.

A son has arrived at the home of Mr. and Mrs. eDan Corsa. This is their fourth child and the fact that it is the only son has figured in contributing to the happiness of everybody with whom the head of Gregory Farm laboratory has since been coming in contact.

H. T. Johnston is on a vacation trip in the east, his objective being to visit his son Pierce Worrall Johnston, at Wilmington, Del. He sends postal advice from Harper's Ferry, W. Va., saying: "Fine and then some." His sister Miss Georgia, leaves this week for Colorado to spend a couple of months.

Plans and specifications for the remodeling and addition to the First Baptist church are now available at the parsonage, and

sealed bids will be received until July 1st. The job will be about a \$15,000 job. Specifications for the library are expected to arrive this week.

The local station of the weather bureau recorded 0.34 inch of rain Tuesday. All vegetation has taken a hopeful attitude as a result.

A card from W. G. Ebey says: "Greetings from Asheville, N. C., the land of the sky."

The arrival of our initial shipment of the new Nash Carriole is an event worthy of your immediate interest.

This is a new model in the Nash line and it strikes a very popular note with its combination of open car economy and closed car convenience.

It is equally practical for business and family use.

The beautiful and roomy all-metal body, similar to those of America's best coupes and sedans, is of rich and lustrous finish.

Upholstery and luxurious interior trimmings are of the finest grade wool cloth.

The parlor-car type front seats are individual with a wide aisle between. The two doors are unusually wide, making easy entrance and egress.

The long, graceful lines of the Carriole give it an appearance in striking contrast to its amazingly low price.

It is powered with the Nash Four-Cylinder Perfected Valve-in-Head Motor and is exceptionally comfortable and inexpensive to maintain.

It would be advisable to place your order at once, as we will not be able to supply everyone who wants this model.

PHILADELPHIA, June 21.—  
Chicago defeated Philadelphia to-  
day 6 to 3 in six innings, rain  
stopping the game at the begin-  
ning of the second half of the sev-  
enth. The Cubs made one run in  
the seventh but the downpour  
stopped the contest before the  
Phillies could complete their half.  
Parkinson made two home runs  
out of three trips to the plate and  
the other local tally was a circuit

## THRU ARGUING WITH UMPIRES

CLEVELAND, O., June 21.—  
Babe Ruth has been banished  
from the game for the last time  
for arguing with an umpire, es-  
pecially over a decision given  
against another player, he declar-  
ed today.

Previous to today's game be-  
tween New York and Cleveland  
Ruth walked into the umpires'  
room and made that announce-  
ment to Umpires Bill Dineen and  
Dick Nallin.

Ruth as he entered the room  
was not antagonistic nor excited.  
If anything he appeared to be re-  
pentful, but he offered no apol-  
ogy.

"When a fellow is down and  
out, it seems to be a case of hold-  
ing him down," Ruth stated.  
"Well, you can bet it's the last  
time I ever will be suspended for  
wrangling with an umpire. In  
the future I will keep out of the  
arguments, especially if they in-  
volve another player."

"I do not regret being out of  
the game because of the money it  
costs me. I really don't need the  
money, but I go love to play base-  
ball."

"Another thing that hurts is  
the criticisms."

## YANKEES WIN WITHOUT RUTH

CLEVELAND, Ohio, June 21.—

## SEVERAL ISSUES

**SCORE HIGH MARKS**  
 By Associated Press.  
 NEW YORK, June 21.—Trad-  
 ing on the stock exchanges today  
 continued to be influenced if not  
 altogether governed by the ex-  
 traordinary movement of several  
 speculative favorites. Chief  
 among these were Mexican Petro-  
 leum and Studebaker, both sear-  
 ing new high records for the year  
 on large transactions.

Mexican Petroleum, after be-  
 wildering advances and reactions  
 established a maximum of 179  
 from which it descended to 171  
 but rallied to 175, a net gain of  
 2½ points or a total of slightly  
 more than 30 points; this week  
 Studebaker's course within limited  
 bonds was even more confus-  
 ing, making a perpendicular de-  
 cline of about 5 points in the  
 final hour when the market was  
 most unsettled and closing at a  
 loss of 2½ points, as against its  
 early gain of almost that much.

In the irregular advance of the  
 early and intermediate periods  
 several of the independent, steel  
 equipments and motor accessories  
 were lifted to new high levels for  
 the current movement.

Minor rails and metals rose  
 one to three points but eased in  
 the closing reversal. Sales  
 amounted to 1,675,000 shares.

Call money opened at 2½ per  
 cent, repeating the recent min-  
 imum quotation for such accom-  
 modations this being the lowest  
 in almost five years. The three  
 per cent rate of the last half hour  
 seemed to be prompted by tomor-  
 row's withdrawals from local re-  
 serve banks of \$1,000,000 to  
 meet treasury payments.

Part of yesterday's brisk rally  
 in British and other allied ex-  
 changes was lost on renewed sell-  
 ing of bills from London and  
 Paris. Sterling eased more than  
 one cent and German marks re-  
 acted moderately.

Liberty Third 4½s at \$100.12  
 and Fourth 4½s at \$100.16 es-  
 tablished new maxima for the  
 year most other liberties closing  
 at gains.

Total bond sales, par value, ag-  
 gregated \$14,073,000.

**NOT A BIG ELL**

It will be interesting to our readers to know that the Ferris wheel that was wrecked in the storm at Olason's Point, New York, a few days ago was not a Big Ell wheel. The large wheel destroyed was built with wooden towers and a steel frame work in the wheel, while those built by

the Ell Bridge Company are of all steel construction.

One of the Ell customers wrote from Hackensack, N. J. (about twenty miles from New York City) that his Big Ell wheel stood thru the storm without injury. Indications are that the wheel destroyed was one built somewhere in the east, and President W. E. Sullivan says it no doubt was one of the co-called just as good kind.

Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were twice as big as a man's two fists. Try and write at once, using the coupon below.
